

**LEGO® Technic™
Catamaran building kit**

Kids can build their own model Catamaran before setting the boat on the water to explore all its cool functions.

Really floats in water!

A first for LEGO® Technic™, this detailed Catamaran floats on water. Put it in the bathtub for speed sailing adventures.

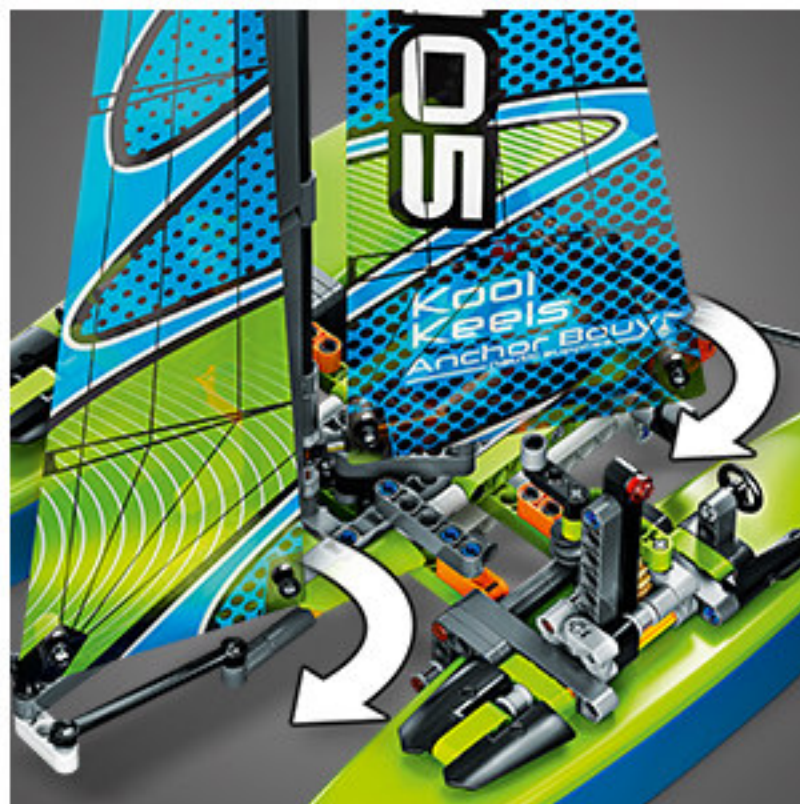

LEGO® Technic™ Catamaran

Building fun for sailing fans

Kids will love building this detailed catamaran.

Realistic features

Based on a real Catamaran; see how sails and rudders work.

Floats in water!

Set the Catamaran in the bathtub for sailing adventures.

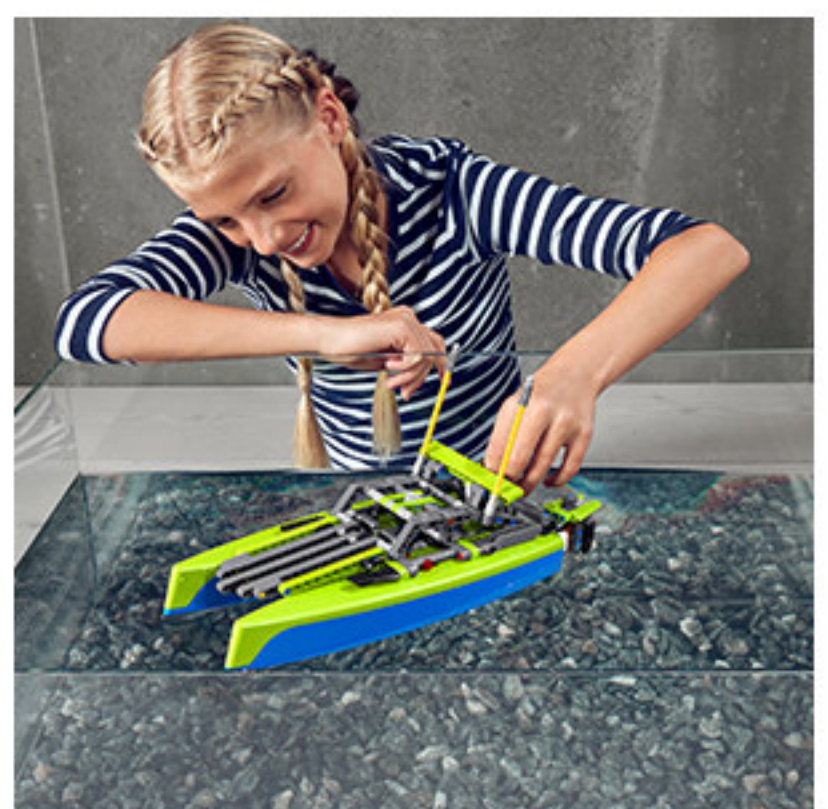

Awesome 2-in-1 model

Kids can rebuild the Catamaran into a cool Race Power Boat.

Sail the Race Power Boat

Just like the Catamaran, the Race Power Boat really floats!

Inspire creative play

With 2 sailing models to build, kids will enjoy hours of fun.

Develop new building skills

Kids can learn how real boats work with this 2-in-1 model, packed with authentic sailing features.
