

**A new LEGO® play experience**

This LEGO® set combines a LEGO model with a game app for an amazing single or multiplayer augmented-reality (AR) experience.

**A playset filled with ghost-hunting action**

This lighthouse model reveals a ghostly world when viewed with a smart device equipped with the free Hidden Side AR app.

**LEGO® Hidden Side The Lighthouse of Darkness**

**Single or multiplayer fun**

Compete with friends in an action-packed digital world.

**An awesome building experience**

The feature-rich lighthouse sets the scene for digital play.

**Download the free app**

Get the free Hidden Side AR app for iOS and Android.

**Digitally interactive model**

Players use the model to trigger events in the app.

**Battle the boss ghost!**

Kids get to enjoy epic battles with boss ghost Joe Ishmael.

**Expand your ghost collection**

Hunt and capture ghosts for later use in the game.

**A spirited character lineup!**

Includes Jack, Parker, Skeleton, Jennie, Napo and Claus Stormward minifigures, 2 possessed-head elements, plus accessories.
