CONNECTIONS RACCORDS CONEXIONES

Press all connections together firmly! Be sure pieces stay snapped-together correctly as illustrated in each step of the instructions. While building each step be sure ALL the pieces from previous steps stay lined-up and snapped-together in the correct position. Have FUN!

Presse tous les raccords ensemble fermement! Assure-toi que toutes les pièces restent fixées ensemble correctement comme illustré à chaque étape des instructions. En construisant chaque étape, assure-toi que TOUTES les pièces des étapes précédentes restent alignées et fixées ensemble dans la bonne position. AMUSE-TOI bien!

¡Presiona firmemente todas las conexiones! Asegúrate de que las piezas encajan entre sí como se ilustra en cada paso de las instrucciones. Al construir cada paso asegúrate de que TODAS las piezas de los pasos anteriores se mantienen alineadas y encajadas en la posición correcta.

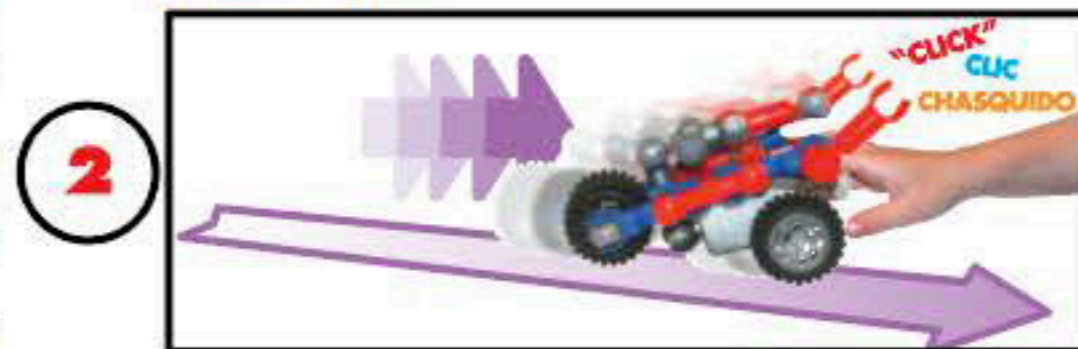

USING YOUR PULL-BACK MOTOR POUR UTILISER TON MONTEUR À RÉTRO-FRICTION USO DEL MOTOR DE FRICCIÓN

* Make sure the rounded portion of the motor housing is facing backward.
* Assure-toi que la portion ronde du boîtier du moteur est orientée vers l'arrière.
* Asegúrate de que la parte redondeada de la carcasa del motor está orientada hacia atrás.

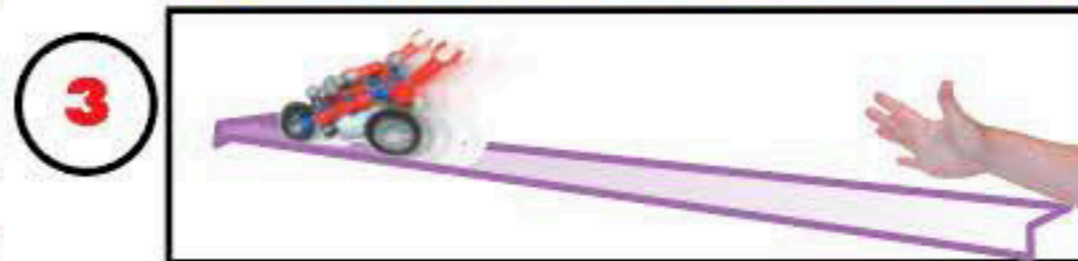

Hold your vehicle near the motor housing and slowly pull back.
Tiens ton véhicule près du boîtier du moteur et tire lentement vers l'arrière.
Sujeta el vehículo cerca de la carcasa del motor y arrástralo lentamente hacia atrás.

Continue to pull back until you hear a "clicking" sound - this means the motor is fully wound.
Continue de tirer jusqu'à ce que tu entendes un « clic » - ceci signifie que le moteur est remonté complètement.

Sigue arrastrándolo hacia atrás hasta que oigas un chasquido; eso significa que el motor está totalmente cargado.

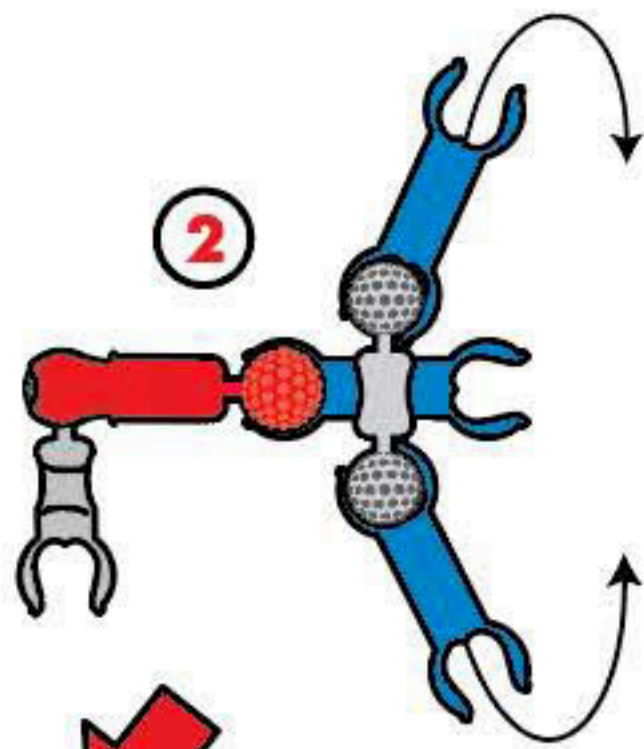

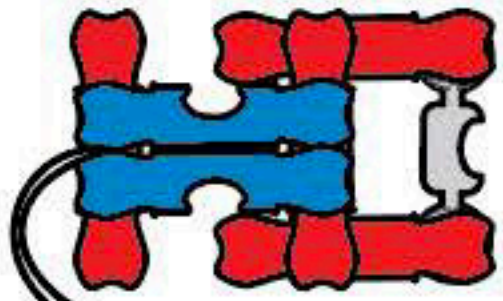

Point and release your vehicle! Travels up to 25 feet!
Pointe et lâche ton véhicule! Roule jusqu'à 7,6 mètres!
¡Apunta y suelta el vehículo! ¡Recorre hasta 25 pies!

POUR UTILISER TON MOTEUR À RÉTRO-FRICTION
USO DE TU AUTO AERODINÁMICO

TIPS FOR MULTIPLE MOTOR ASSEMBLIES:
CONSEILS POUR ASSEMBLAGES DE MOTEURS MULTIPLES:
CONSEJOS PARA MÚLTIPLES MONTAJES DEL MOTOR:

- Both motor housings should face the same direction as shown
- Place one hand on each motor applying downward pressure as you pull them back
- Les deux boîtiers du moteur doivent être dans le même sens comme illustré
- Place une main sur chaque moteur et appuie dessus en les tirant vers l'arrière
- Ambas carcasas del motor deben estar orientadas en la misma dirección como se muestra
- Coloca una mano en cada motor y ejerce presión sobre ellos a medida que empujas hacia atrás

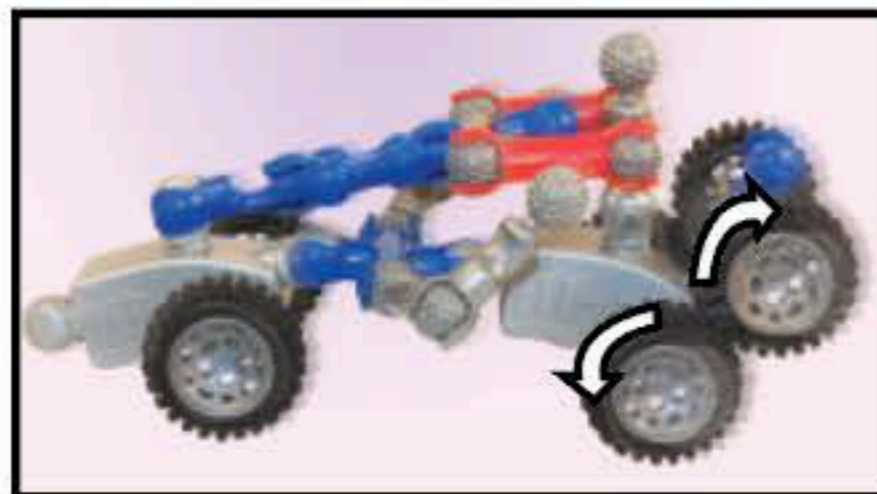

TIP: CREATE DESIGNS WITH "GEARING" WHEELS
CONSEIL: CRÉE DES MOTIFS AVEC LES ROUES À « ENGRENAGE »
CONSEJO: CREA DISEÑOS CON RUEDAS "ENGRANADAS"

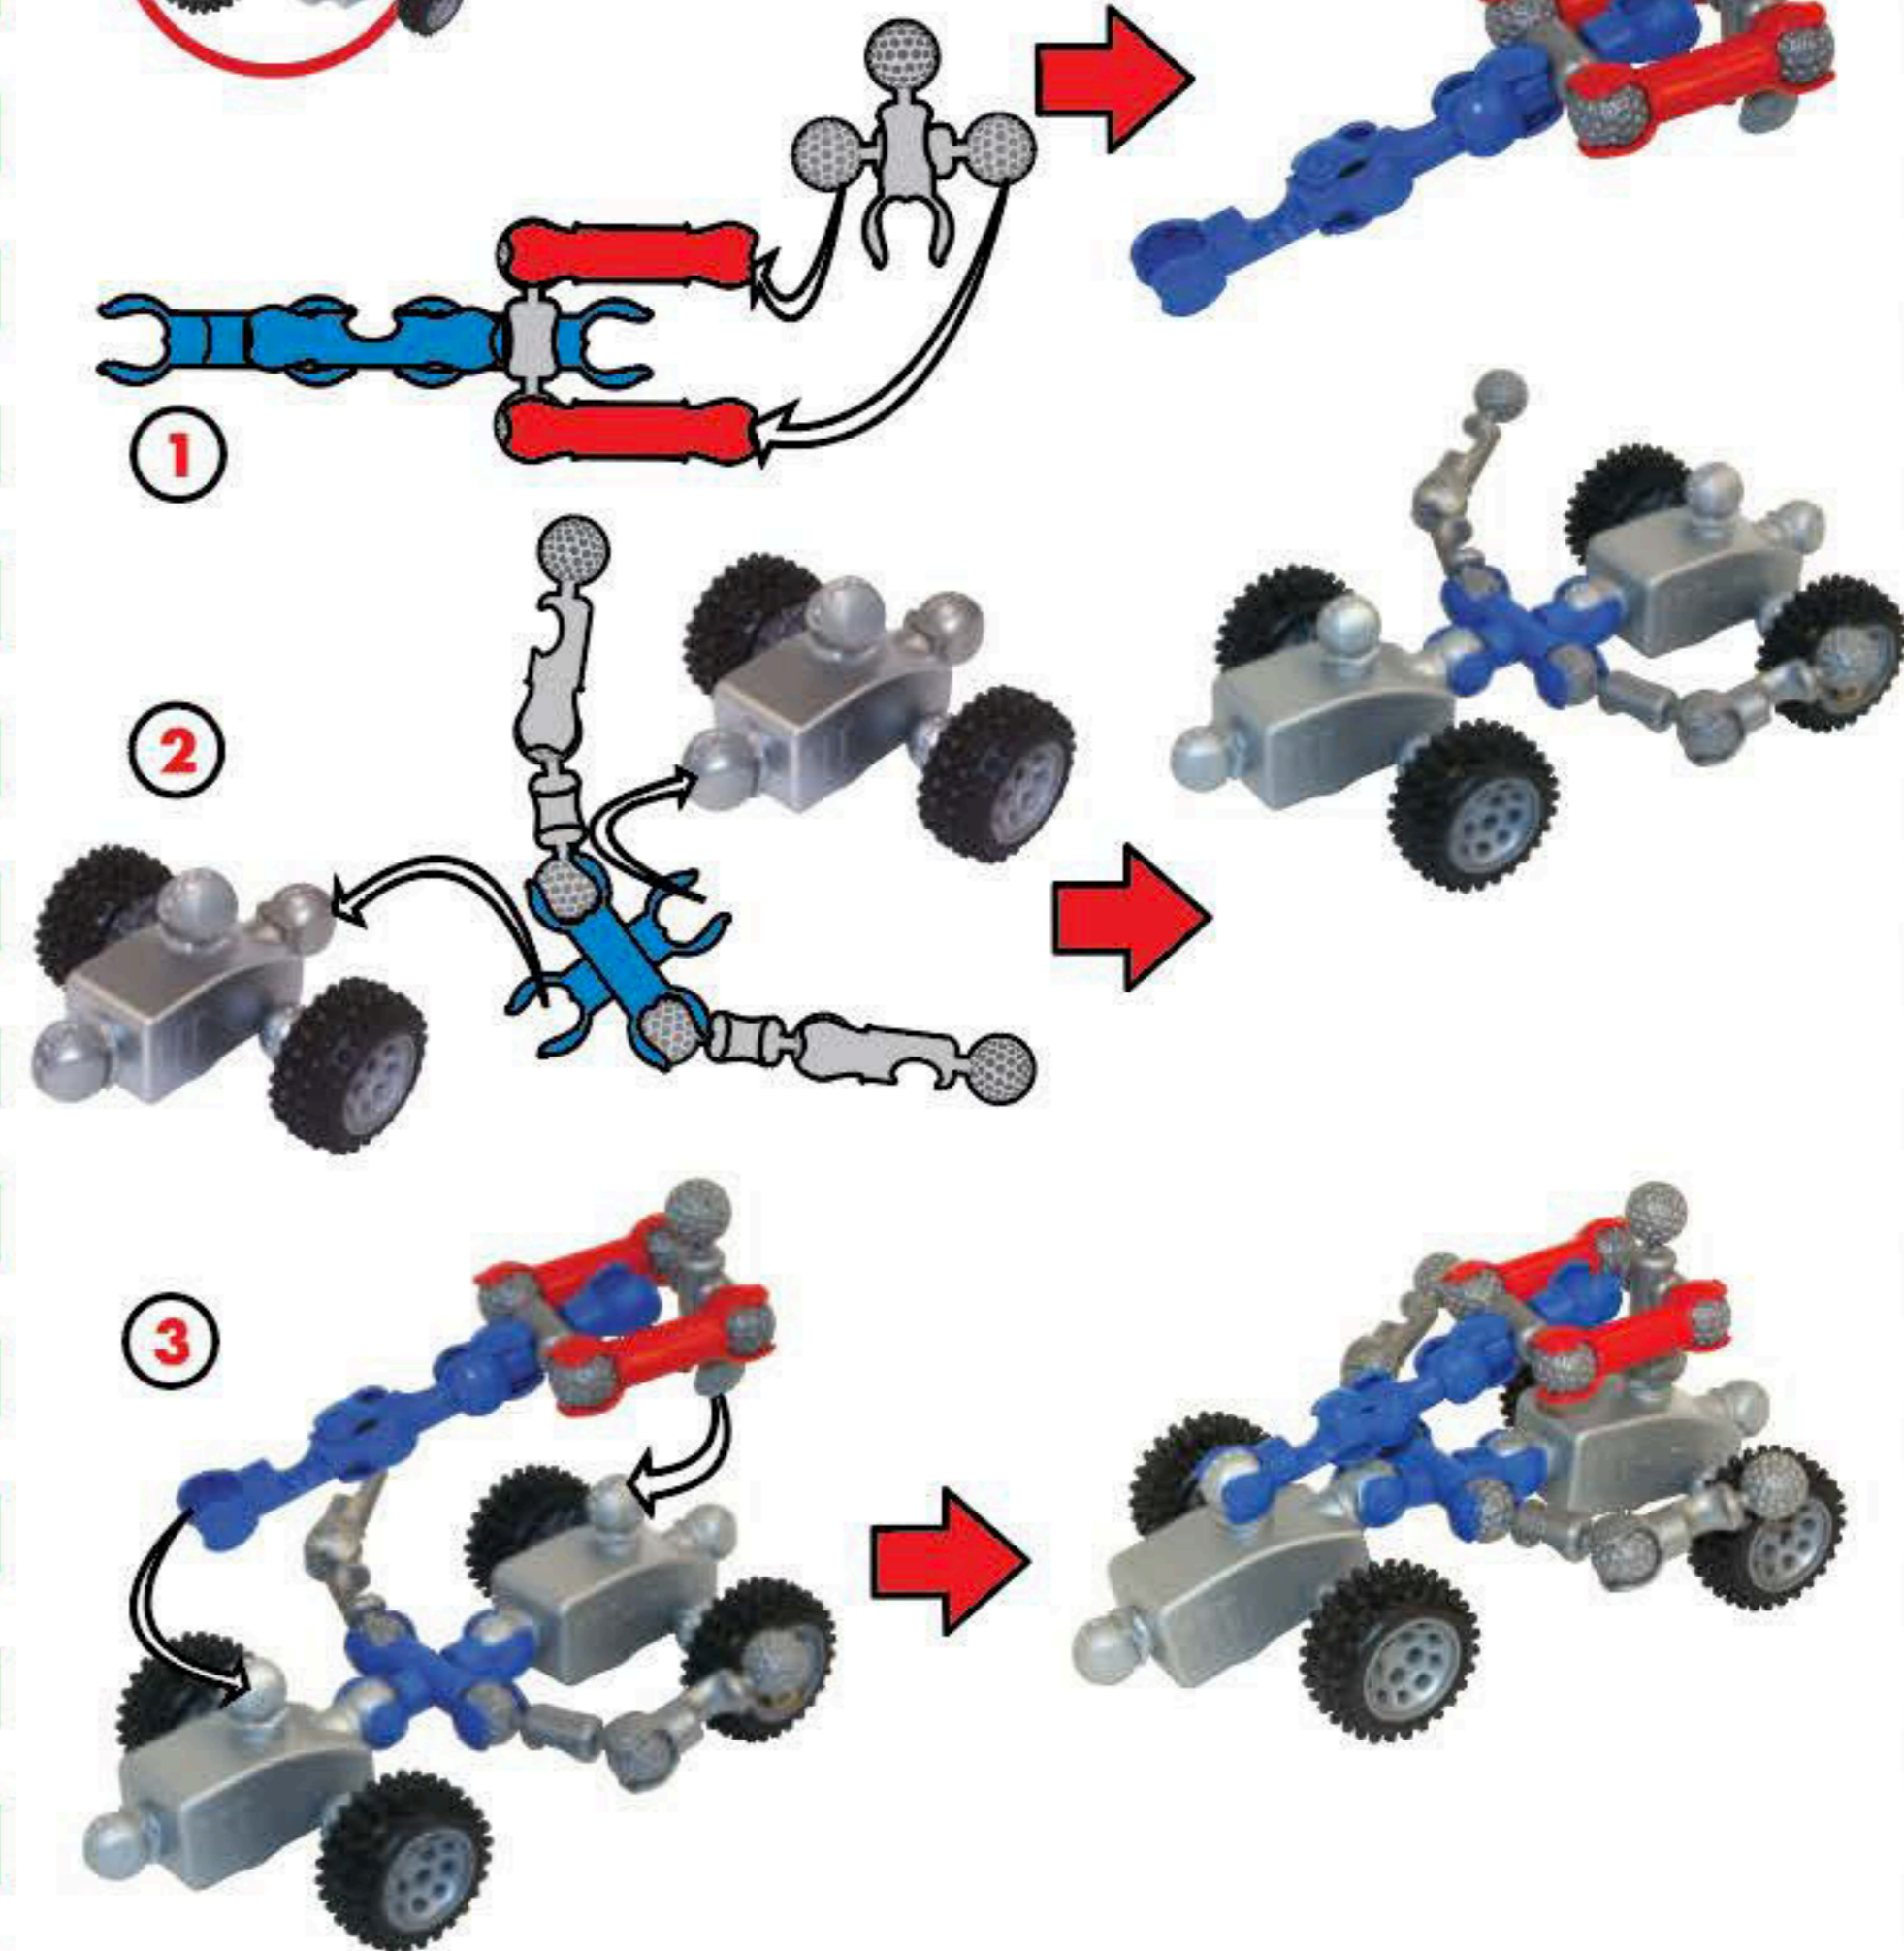

To create vehicles using a cool "gearing action" use free rolling wheels next to motorized wheels, but raised off the ground.

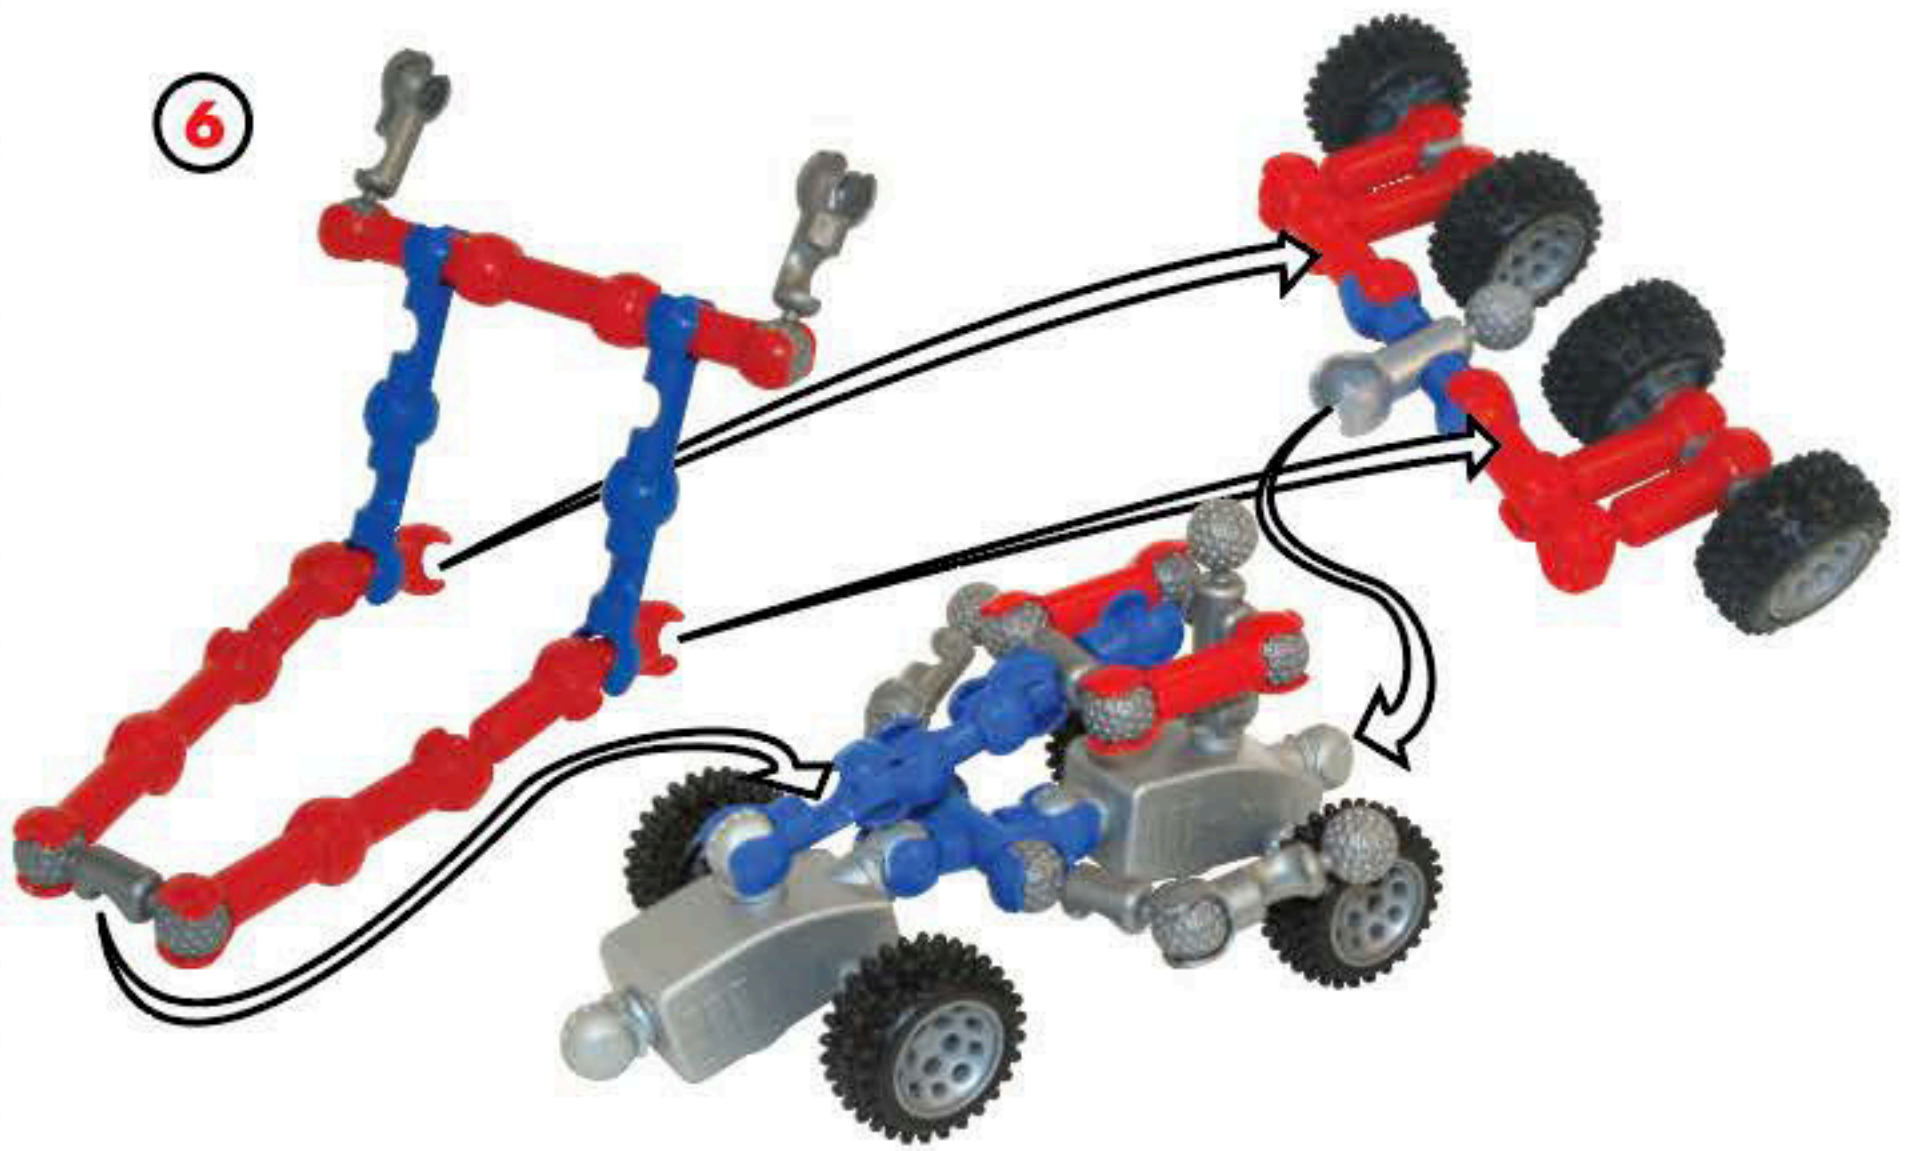

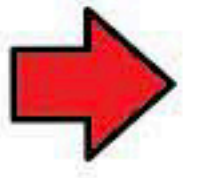

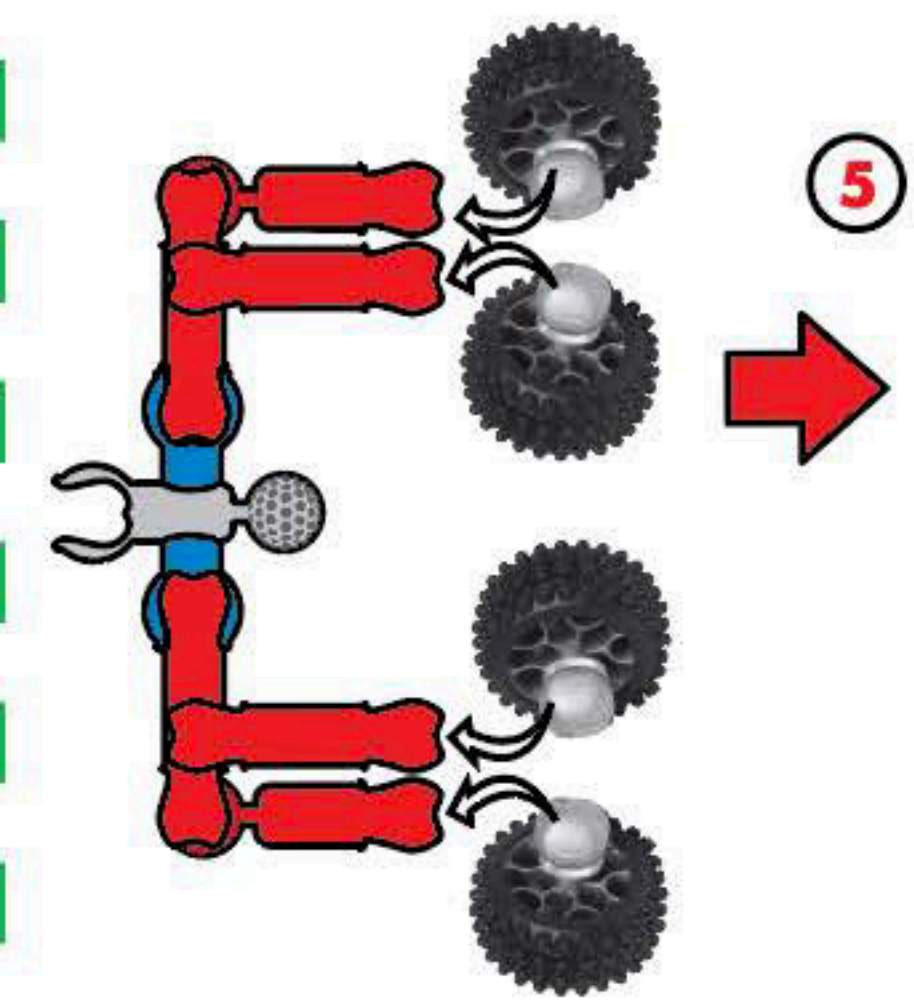

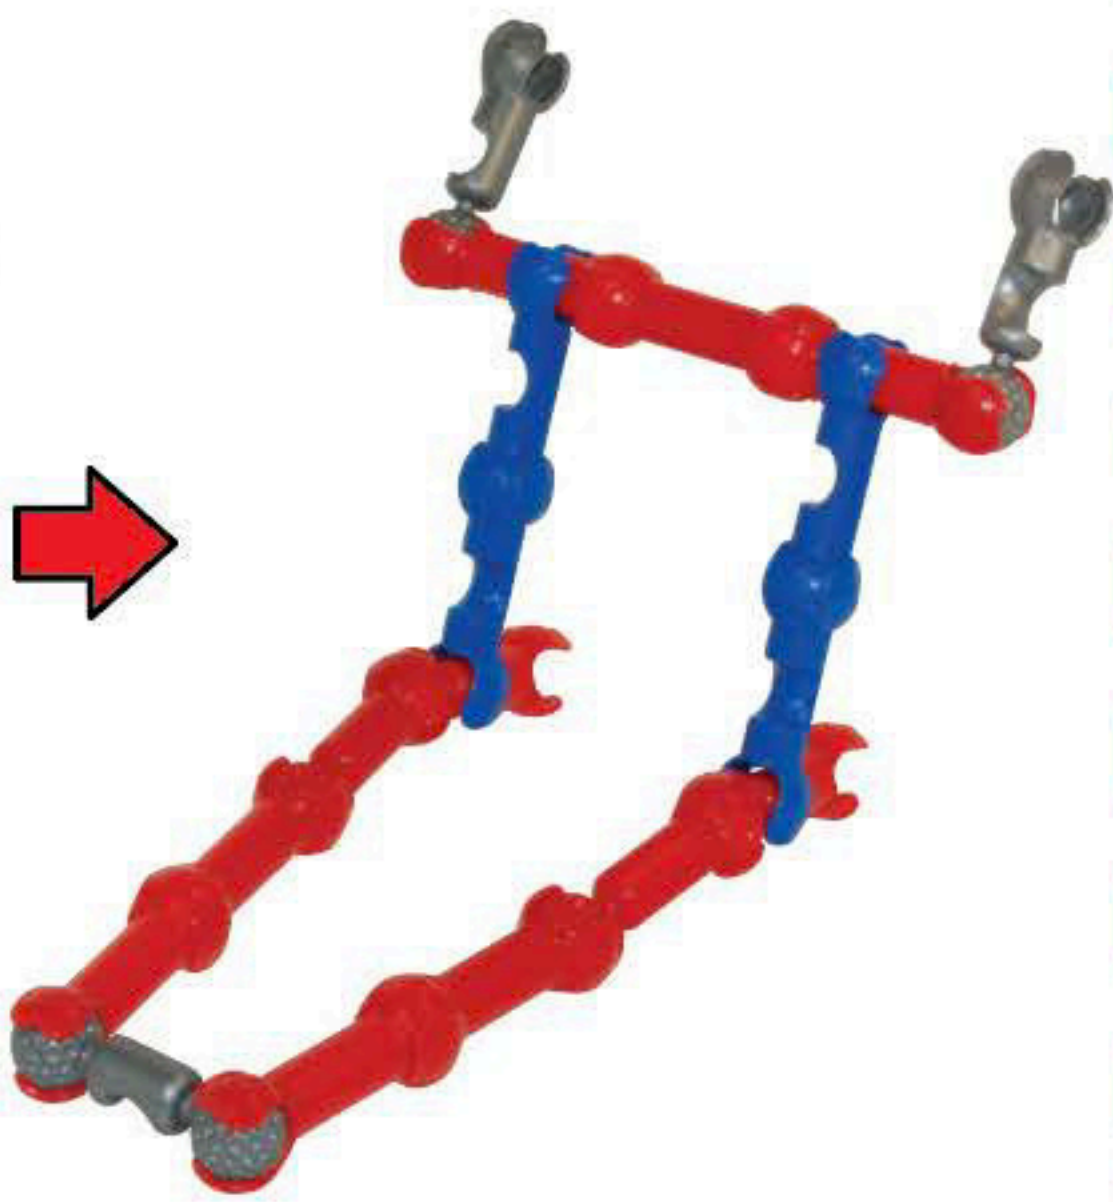

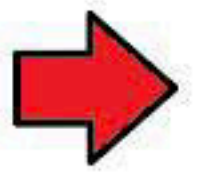

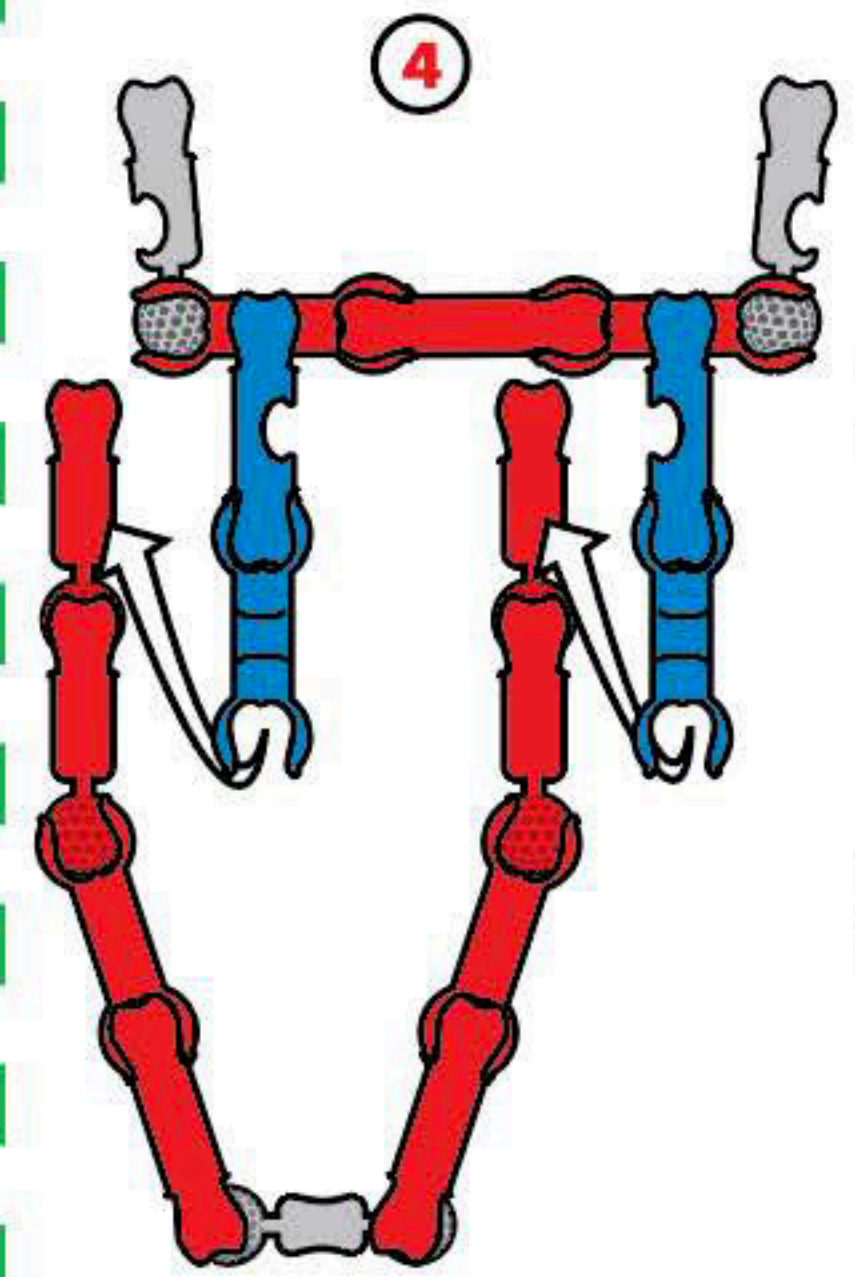

Pour créer des véhicules avec un « embrayage » génial, utilise des roues à roulement libre à côté des roues motorisées, mais en les élevant du sol.

Para crear vehículos con una "acción de engranaje" usa ruedas de rodadura libre junto ruedas motorizadas, pero elevadas del suelo.
