

LEGO **TECHNIC**

App-Controlled Top Gear Rally Car

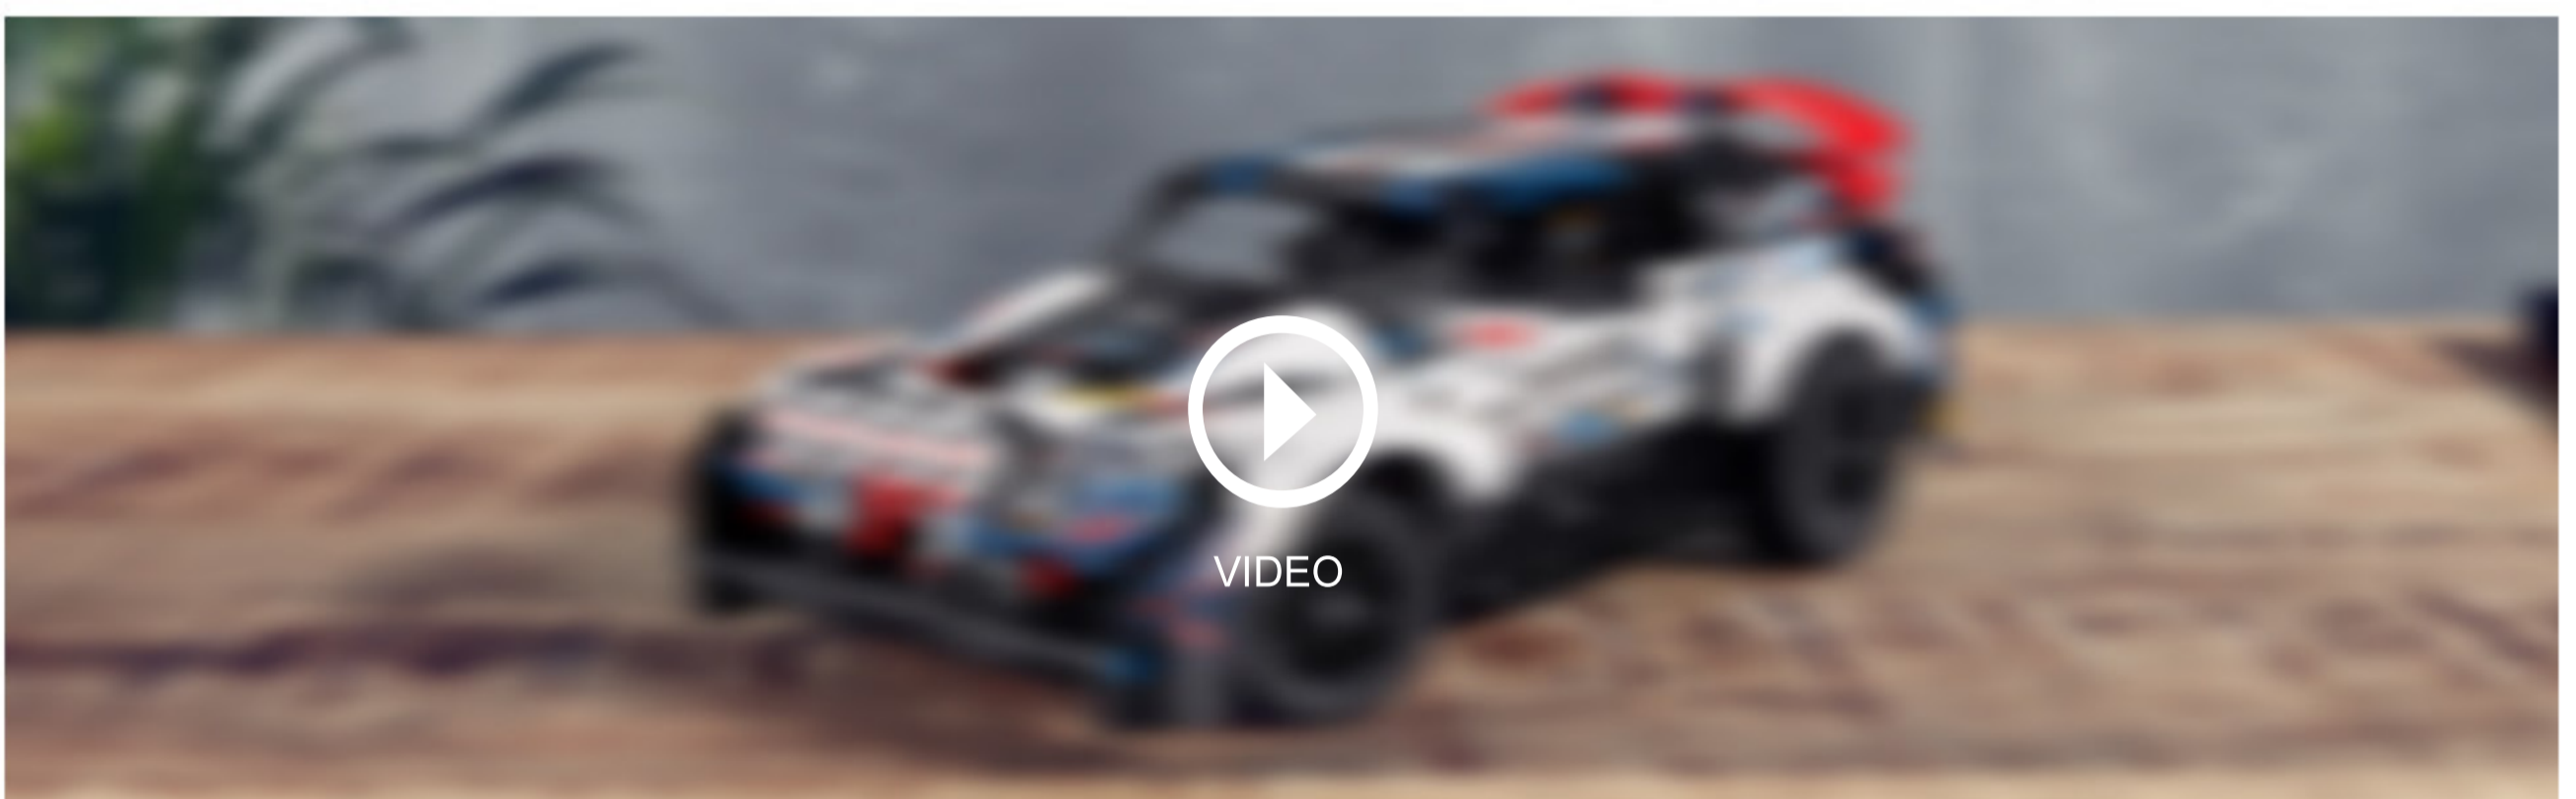

Motorsport fans will enjoy a cool building challenge before using the app to control their rally car.

Top Gear

Get ready for action!

Build the car, inspired by Top Gear's racing driver The Stig, then download the app for different driving experiences.

LEGO® Technic™ App-Controlled Top Gear Rally Car

The build is just the start

There's so much to discover with this LEGO® Technic™ set.

Download the free app

LEGO® Technic™ CONTROL+ app unlocks heaps of neat functions.

Packed with cool details

Realistic functions show how a rally car works.

Gyro control for immersive play

Tilt and turn your smart device to control the car.

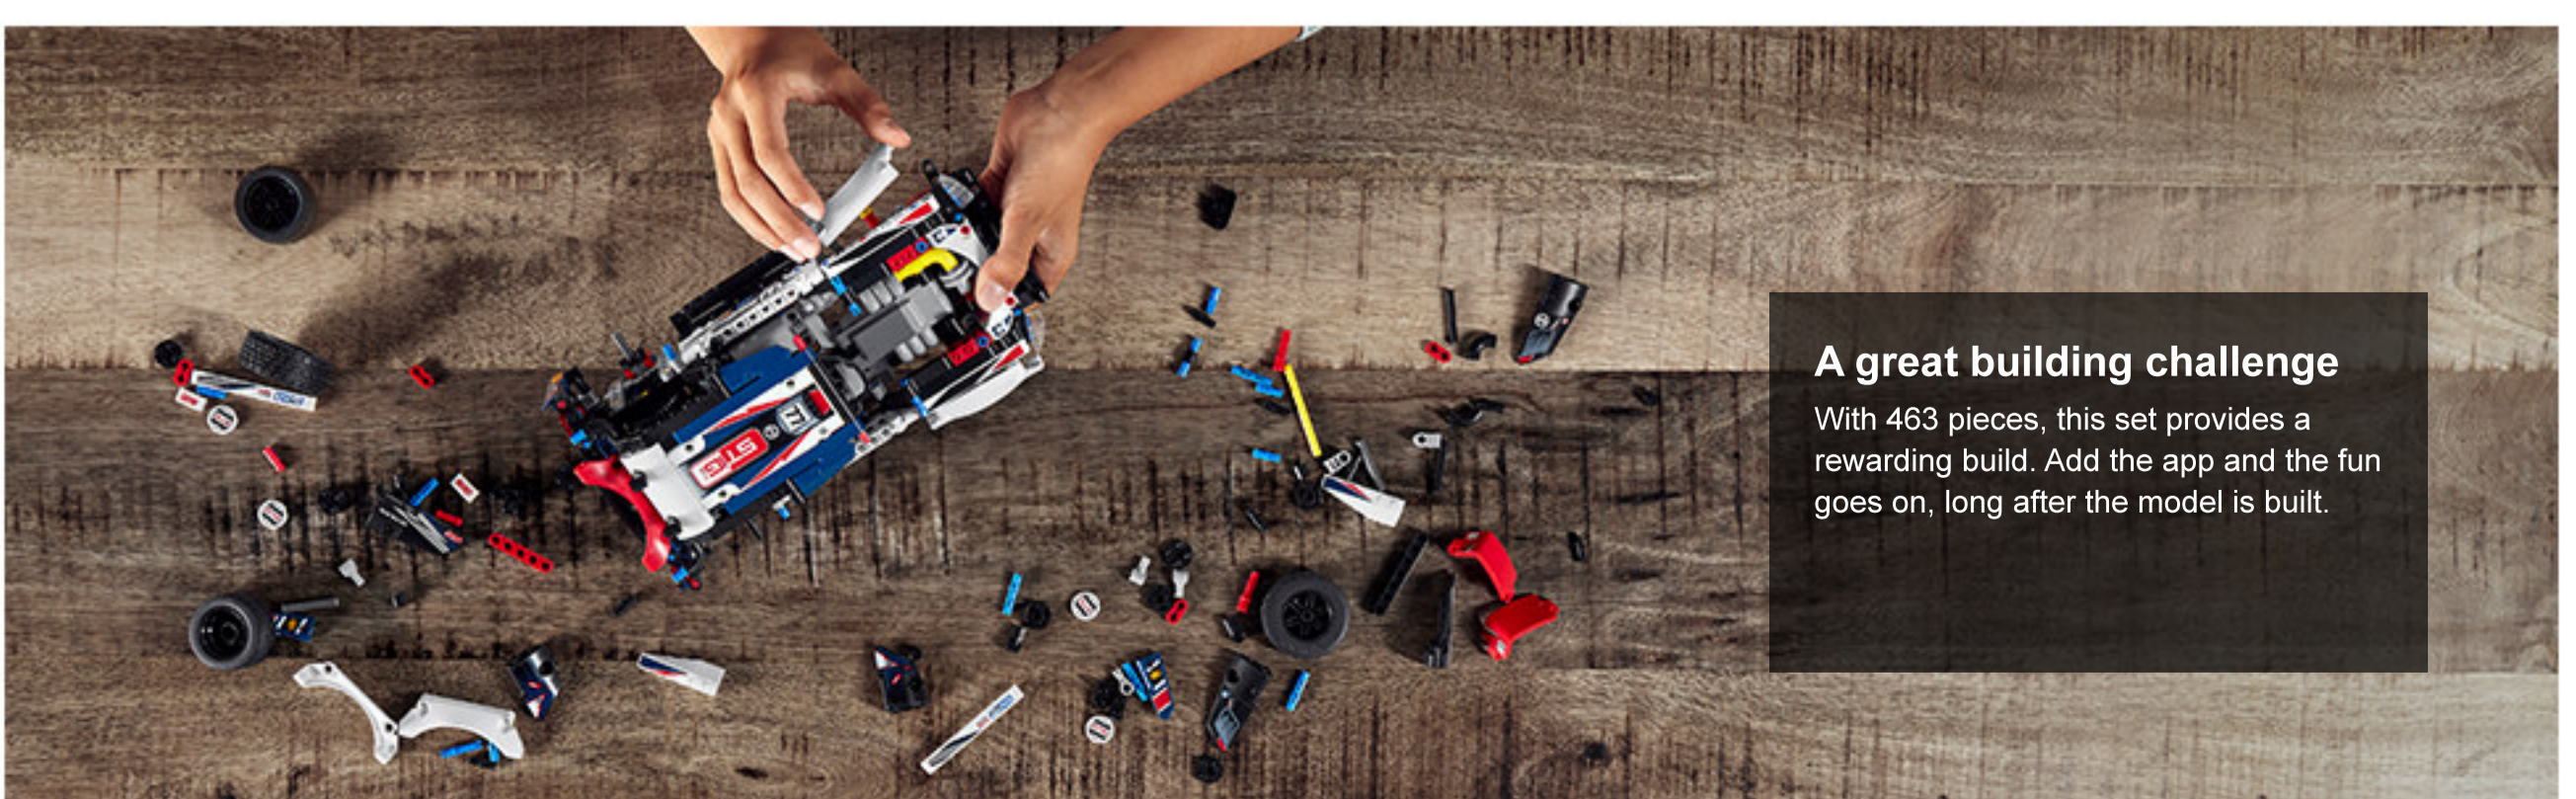

Awesome multi-function control

Steer, accelerate, brake and tackle obstacles.

Take on challenges

Put skills to the test with the app's racing challenges.

A great building challenge

With 463 pieces, this set provides a rewarding build. Add the app and the fun goes on, long after the model is built.
