

A new LEGO® play experience

LEGO® Hidden Side sets combine a buildable LEGO model with a game app for an amazing augmented-reality (AR) play experience.

A playset filled with ghost-hunting action

This model reveals a ghostly digital world when viewed with a smart device equipped with the free LEGO® Hidden Side AR app.

LEGO® Hidden Side Welcome to The Hidden Side

Single and multiplayer AR fun

Kids get to invite friends for a cool digital play experience.

Immersive building experience

A digital play experience awaits — right after the build.

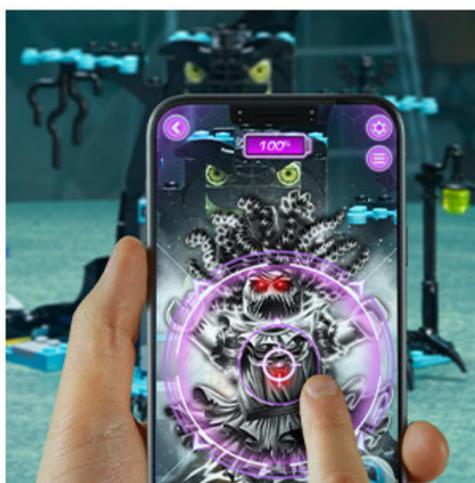

App-driven LEGO® fun

Get the free Hidden Side AR app for iOS and Android.

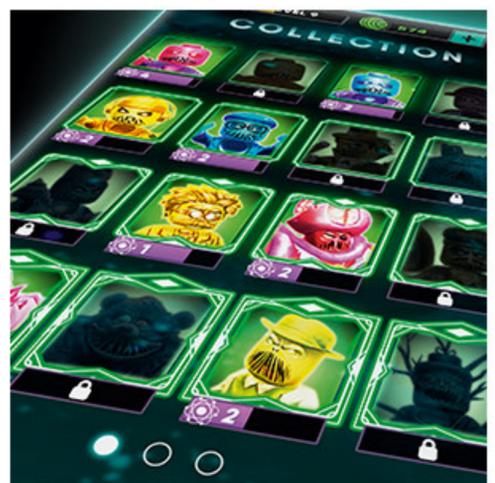

Digitally interactive model

Interacting with the model makes things happen in the app.

Battle the powerful boss ghost

Kids get to enjoy epic battles with boss ghost Lady E.

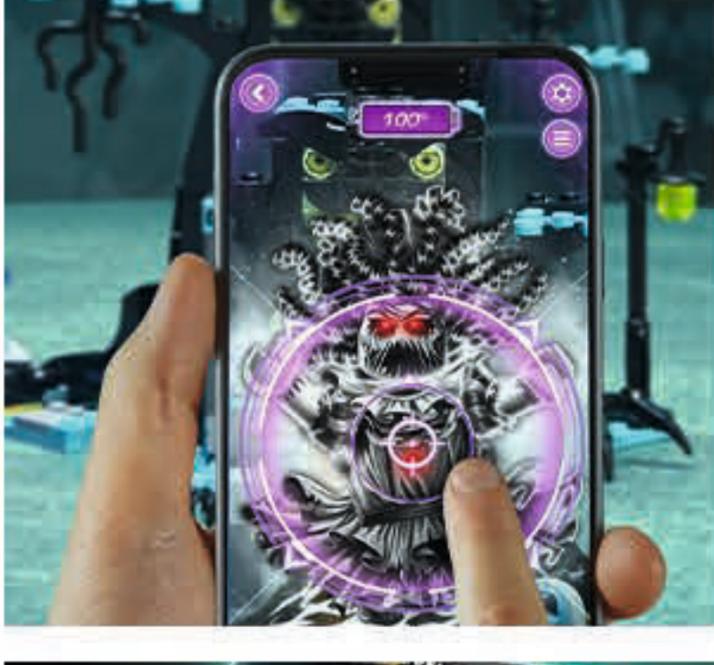

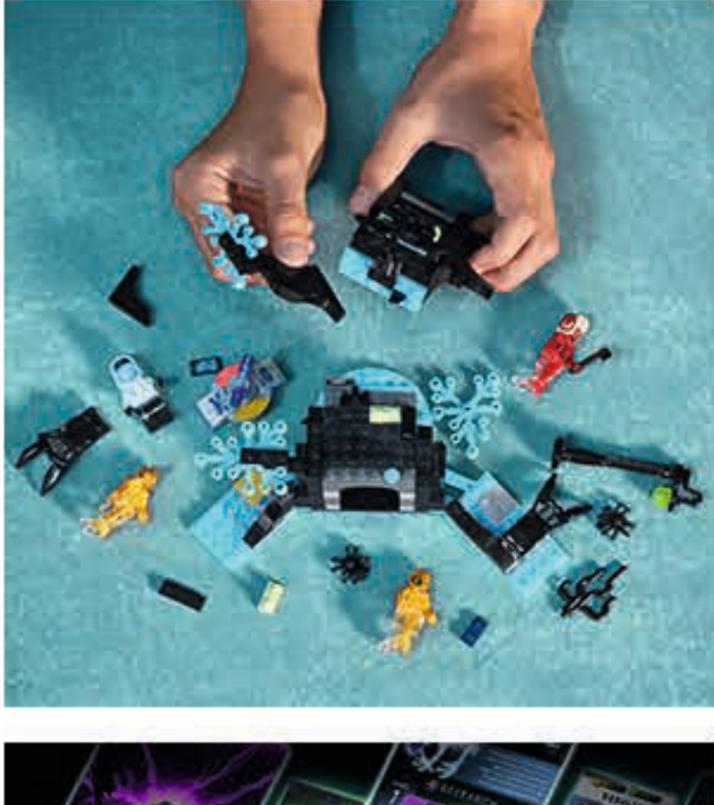

A ghost-hunter's collection

Kids hunt and capture ghosts for later use in the game.

A scary lineup

This detailed building set comes with Jack, Axel Chops, Scrimper and Waylon minifigures, plus cool accessories.
